Laura we only provided the drug testing info to SCA. No one else asked for it.

I have told Lloyd's it is the 30th or else.

Kelly,

Thanks for all your help over the last few days. Bill has agreed to give Lloyd's the week they have requested to wire the money, but please know that this has to happen by next Thursday without any question. I can't get to the 30th and have to give more excuses as to why the money isn't here, so if there looks to be a problem please give me a call immediately so I can manage expectations on this end. If we can keep the pressure on to receive the money earlier that would be great.

On a different note, could you tell me if we provided any drug testing results to Chubb before we were paid by them? As I recall, SCA was the only one we tried to put in touch with the UCI to obtain the testing records, but I just wanted to double check. Let me know how you remember things.

Thanks a bunch,

Laura
