Good morning Laura.

Per my email of last week, the broker for IC was in South Africa on a personal vacation. He is back in the office today and is trying to get to everyone. Todd thinks we are just a few days from closing this all out. In the meantime he has wired \$125,000 of the \$250,000. He did not have \$250,000 of readily available cash. He can come up with it but feels that AON will have it sorted pronto now that Kevin is back. Hope this helps.

Hey Kelly-

Well, here I am again back in the hot seat regarding the rest of this \$250K for Lance. Terry was trying to get me an update 2 days ago and I haven't heard anything. I need an update immediately and we have got to get this money in by the end of the week! I really need to hold the IC President to his promise to make good on this money regardless of how long Lloyd's takes to turn this around. Can you please respond with where we are? This thing has already drug out 2 more weeks, and I am again starting to look like the e-mails which were sent were meaningless.

Thanks for anything you can do.

Laura
